

SOS GAS SERVICES LTD QUALITY ASSURANCE POLICY

The continued success of SOS Gas Services Ltd depends on our business relationship with our existing customers and attracting and developing opportunities for further custom.

Exceeding the expectations of many customers with our can do attitude, performance and standards of service is essential to our future. It is the aim of sos Gas Services to provide a service characterized by its personal touch, responsiveness, high standards of skill and workmanship and promotion of good health and safety practices.

OUR ETHOS

we believe that that success of our Plumbing and Gas services require team work between management and staff. Good working practices can be achieved through ensuring that issues are always freely discussed and solution found.

OUR AIM

To meet our objectives and ensure our success, by listening to our customer's elevation of our services and endeavour to meet their requirements. To maintain a high professional standard and develop enthusiastic and dedicated staff who will always have the customer's satisfaction at heart. Every member of Sos Gas Services has part to play in ensuring that this policy remains a priority while contributing to the continual improvement of our services. We also aim to operate efficient and effective management systems to ensure the success of our business

Sos Gas Services complies with all relevant statutory regulatory requirements and constantly monitors our quality performance and implements improvements where necessary.
